

WISCONSIN ALZHEIMER'S INSTITUTE
14TH ANNUAL
ALZHEIMER'S DISEASE UPDATE

NOVEMBER 17-18, 2016 • THE MADISON CONCOURSE HOTEL

**Wisconsin
Alzheimer's Institute**

UNIVERSITY OF WISCONSIN
SCHOOL OF MEDICINE AND PUBLIC HEALTH

Home of WRAP - Wisconsin Registry for Alzheimer's Prevention

JOINTLY PROVIDED BY:

UNIVERSITY OF WISCONSIN SCHOOL OF MEDICINE AND PUBLIC HEALTH

- OFFICE OF CONTINUING PROFESSIONAL DEVELOPMENT
- WISCONSIN ALZHEIMER'S INSTITUTE
- WISCONSIN ALZHEIMER'S DISEASE RESEARCH CENTER

WISCONSIN GERIATRIC EDUCATION CENTER

Highlights

We are offering a Pre-Intensive for all health care providers on the evening of Thursday, November 17, 2016. You can attend this program separately or include it with the conference on Friday.

To meet increasing popularity and demand for our conference and to minimize travel time and expense for attendees, you can attend Friday's conference at the Concourse Hotel in Madison OR attend a live webcast of the conference at University of Wisconsin-Superior in Superior.

Statement of Need

There are more than 5 million Americans with Alzheimer's disease affecting the lives of 15 million unpaid caregivers. There is a heightened need for medical professionals as well as policymakers to address the specter of an increasing prevalence of Alzheimer's disease in an aging society. The goal of this conference is to improve the diagnostic and therapeutic capability of healthcare providers who care for persons with Alzheimer's disease and related dementias.

Elements of Competence

This CME activity has been designed to change learner competence and focuses on the American Board of Medical Specialties areas of patient care and procedural skills, medical knowledge, and systems-based practice.

Conference Committee

Jane Mahoney, MD, Professor of Medicine; Director, Wisconsin Alzheimer's Institute, University of Wisconsin School of Medicine and Public Health, Madison, Wisconsin

Cindy Carlsson, MD, MS, Associate Professor of Medicine; Associate Director, Wisconsin Alzheimer's Institute; Clinical Core Leader, Wisconsin Alzheimer's Disease Research Center, University of Wisconsin School of Medicine and Public Health and Madison VA Geriatric Research, Education and Clinical Center, Madison, Wisconsin

Sterling Johnson, PhD, Professor of Medicine, Wisconsin Alzheimer's Institute; Associate Director, Wisconsin Alzheimer's Disease Research Center, University of Wisconsin School of Medicine and Public Health, Madison VA Geriatric Research, Education and Clinical Center, Madison, Wisconsin

Members of the Wisconsin Alzheimer's Institute leadership team and Public Health/Clinical Management team, including: Gina Green-Harris, Stephanie Houston, Kate Kowalski, Heidi Pophal and Kathleen Smith.

About the Wisconsin Alzheimer's Institute (WAI)

wai.wisc.edu

- A unique resource within the University of Wisconsin School of Medicine and Public Health offering education, outreach and research throughout the state of Wisconsin.
- Dedicated to making a difference in the lives of people and families affected by Alzheimer's disease.
- WAI is home to the Wisconsin Registry for Alzheimer's Prevention (WRAP) study known for its potential to advance understanding of risk and protective factors associated with Alzheimer's disease.
- Committed to serving those in need through a unique network of WAI-affiliated dementia diagnostic clinics, public and professional education opportunities and public advocacy with a focus on underserved and underrepresented communities.
- Dedicated to educating the next generation of healthcare professionals through student programs.

The University of Wisconsin provides equal opportunities in employment and programming, including Title IX requirements. The University of Wisconsin School of Medicine and Public Health fully complies with the legal requirements of the ADA and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please notify Heidi Pophal in order to receive service. Please call 608-262-8826 or email hpophal@wisc.edu.

Professor, Vice Chair for Education and Faculty Development; Residency Training Director, Department of Psychiatry; and Co-Leader, Outreach, Recruitment and Education Core, Wisconsin ADRC, University of Wisconsin School of Medicine and Public Health, Madison, Wisconsin

THURSDAY EVENING PRE-INTENSIVE • 11/17/16

Target Audience

This program is intended for primary care physicians, psychologists, nurses, nurse practitioners, physician assistants, social workers and other health professionals who diagnose, treat and manage Alzheimer's disease and related disorders in diverse populations.

Learning Objectives

Following this program, the participant should be able to do the following:

- Describe the criteria for the clinical diagnosis and management of Alzheimer's and non-Alzheimer's dementia.
- Identify the functional communication characteristics and common communication problems of individuals with Alzheimer's disease. Describe strategies that caregivers may use to improve interactions with these individuals.
- Develop an approach to the assessment and management of patients with behavioral and psychological symptoms of dementia that includes psychosocial interventions as primary and psychotropic medications as secondary.

Credit

- 5:15 PM Registration and Dinner
- 6:00 *Diagnosis and Management of Alzheimer's Disease and other Dementias*
Susanne Seeger, MD
- 6:45 *Optimizing Communication Strategies in People with Dementia*
Lindsey Byom, PhD, CF-SLP and
Kimberly Mueller, MS, CCC-SLP
- 7:15 *Behavioral Management of Persons with Alzheimer's Disease*
Art Walaszek, MD
- 8:00 Wrap-up and Evaluation
- 8:15 Adjourn

FRIDAY CONFERENCE • 11/18/16

Schedule for Friday, November 18

7:30 AM	Registration and Continental Breakfast
8:15	Welcome and Opening Remarks Jane Mahoney, MD
8:30	<i>Management of Agitation in Dementia: 2016 Update</i> Constantine Lyketsos, MD, MHS, FAPM, DFAPA
9:30	<i>Mechanisms of Racial/Ethnic Disparities in Alzheimer's Disease and Cognitive Aging</i> Jennifer Manly, PhD
10:30	Break
10:45	<i>Sleep Disturbances and Neurocognitive Consequences: An Update</i> Steven Barczi, MD, FAASM
11:45	Lunch
12:45 PM	<i>Preventing Falls in Older Adults with Dementia</i> Jane Mahoney, MD
1:45	Break
2:00	<i>Detection of Cognitive Impairment in Diverse Populations and Communities</i> James Galvin, MD, MPH
3:00	<i>Designing Systems of Care for Older Adults with Alzheimer's Disease</i> Christopher Callahan, MD
4:00	Wrap-up and Evaluation Jane Mahoney, MD
4:15	Adjourn

Target Audience

This program is intended for primary care physicians, psychologists, nurses, nurse practitioners, physician assistants, social workers and other health professionals who diagnose, treat and manage Alzheimer's disease and related disorders in diverse populations.

Learning Objectives

Following this program, the participant should be able to do the following:

- Review current thinking describing causes and emerging pharmacological approaches for agitation in dementia.
- Discuss the challenges of identification of cognitive impairment and dementia among ethnic minority older adults particularly in the context of racial and ethnic disparities in Alzheimer's disease and cognitive aging.
- Identify several evidence-based approaches for enhancing sleep in patients afflicted with dementia and other cognitive disorders.
- Discuss causes of falls, strategies to prevent falls and benefits of preventing falls in people with dementia.
- Explore key components of dementia screening programs and review cultural differences in perception of cognitive impairment and symptom presentation.
- Describe the current diagnosis and treatment recommendations for Alzheimer's disease and discuss barriers and facilitators to disseminating new models of care.
