

Referring Patients to the Wisconsin ADRC

Ask patient and their family if they are interested in being contacted by Wisconsin ADRC staff to hear about research opportunities. If you are outside of the UW Hospitals & Clinics network, please check with your institution as to which option meets your policies.

Choose a Way to Refer

- **Email** - adrcreferrals@medicine.wisc.edu
 - Include the following in email:
 - Patient Info
 - Name
 - Diagnosis
 - Phone Number
 - Email
 - Alternate contact
 - Name
 - Phone Number
 - Relationship to Patient
- **Online Secure Form**
 - Send us patient information using the [online form](#).
- **Fax** - Include the following documents in a fax to (608) 265-3091
 - [Clinic Referral Form](#)
 - [Authorization for Release of Information](#)

Tips for Sharing Research Information with Patients

Sharing information about research is not always appropriate or feasible at every study visit. There are other ways to share. Here are other ways to share:

- Add a research link in the patient after visit summary; <https://www.adrc.wisc.edu/volunteer-study>
- Post research flyers in your clinic waiting area or exam rooms, if policy permits.
- Keep Wisconsin ADRC referral cards in the exam rooms, if policy permits.
- Keep Wisconsin ADRC referral card near the phone as a reminder to discuss research opportunities with your patients, if/when you deem appropriate.
