# Referring to Research

Research at the UW focuses on early detection and prevention

- Two longitudinal studies on campus
  - Wisconsin ADRC Clinical Core
  - Wisconsin Registry for Alzheimer's Prevention (WRAP)
- Wisconsin ADRC Research Recruitment Registry
  - Database of people interested in Alzheimer's disease-related research studies

Complete the online Research Recruitment Registry  
Enrollment Form [www.adrc.wisc.edu/volunteer-study](http://www.adrc.wisc.edu/volunteer-study)
