Coffee and a Chat

Coffee and a Chat is back for the new year with these great presentations. Enjoy seeing familiar faces while discussing and learning about important health topics, all from the comfort of your own home.

We'll use **Zoom video chat** to get together with local experts in brain health and aging-related fields. You can ask as many questions as you want, and afterwards we'll have time for discussion and chitchat.

To register, go to wai.wisc.edu/milwaukee or leave a message at (414) 219-5124 with your name and email address.

Tuesday, February 9th at 2:00 p.m.

"Diabetes 101"
