Topic: The Power of Virtual Experiences: Raising Awareness of the Impact of Dementia

Thursday, November 30, 2023 • 11:30am - 1:00pm

Virtual simulation experiences offer a glimpse into what it might feel like to live with dementia. These have been powerful tools used with different groups such as caregivers, first responders and students to help them consider new approaches and understand behavior. We will also be discussing lessons learned regarding adaptations used for varying audiences such as people that are deaf or hard of hearing.

Presenters:

Kathy Glaser and Jennifer Harders

Dementia Care Specialists, ADRC of Waukesha County

Jake Sawyers

Dementia Care Specialist, ADRC of Walworth County
